

Milestone 5 Testing

Due on Sunday, April 22, 11:59 p.m.

The test plan is the fifth deliverable required from the team. All the information listed below must be included and the test files should be in place by midnight on the due date.

| | |
|----------------------------|--|
| User Acceptance Test Plans | Create a document that describes how at least three features within your finished product will be tested. The test plan should include specific test cases (user acceptance test cases) that describe the data and the user activity that will be executed in order to verify proper functionality of the feature. |
| Automated Test Cases | Provide a link to the tool you use to automate testing, or explain how to run the automated test cases or schedule time with the TAs to demonstrate your automated tests. Provide a copy of the output showing the results of the automated test cases running. |

Submission format: This project milestone 5 submission should be a PDF named ProjectMilestone5_<TeamName> included in your github repository containing the following components:

- Who: List of people on the team
- Title: of the project
- Automated Tests: Explanation and Screenshot (see above)
- User Acceptance Tests: Copy of at least three UAT plans
